I have decided to grant an activity approval with terms. This activity approval is effective from today.

NOTICE OF ASSESSMENT FOR SECURITY DEPOSIT (ASSESSED DEPOSIT)

Approval of Koolaman PASS AC drilling has triggered assessment of the security deposit required to secure funding for the fulfilment of obligations under AL 29 (1992).

You will receive separate correspondence regarding the outcomes of this assessment if a change to the current security deposit is required.

REHABILITATION OBJECTIVES AND COMPLETION CRITERIA

If you are yet to provide your rehabilitation objectives and completion criteria associated with this activity, please note that the *Exploration Code of Practice: Rehabilitation* (NSW Department of Planning and Environment, July 2015) requires you to provide to the Secretary, no later than 14 days prior to the commencement of any surface disturbance activity associated with an assessable prospecting operation:

1. a copy of specific, measurable, achievable, realistic and time-bound rehabilitation objectives and completion criteria for activities associated with that activity, developed in consultation with relevant landholders, and
2. if associated with higher risk prospecting operations, a copy of a Rehabilitation Management Plan which provides for the effective rehabilitation of areas disturbed by that activity.

Compliance with the *Exploration Code of Practice: Rehabilitation* is a condition of AL 29 (1992).
